AJAY SAMPATH KUMAR

Coimbatore, Tamilnadu | +91 95006 88820 | ajaysampath97@gmail.com | LinkedIn

Entrepreneurship and community growth professional with experience in **social media management, community engagement**, and **cohort management**. Helped scale an entrepreneurial community from **2,200 to 8,000 paid members**, organised **100+ events,** and successfully managed startup cohorts, venture-building programmes, and student engagement initiatives.

EXPERIENCE

Program Manager | Madras Engineering College **Aug - Oct 2026**

- Managing digital marketing, venture-building initiatives, and startup acceleration activities at a newly established engineering institution working towards an entrepreneurship-centric education model.
- Supporting the institution's entrepreneurship ecosystem by connecting startup development, student engagement, and industry-oriented learning initiatives.

Senior Operations Associate | Tamilpreneur **Oct 2024 - August 2026**

- **Community Scaling:** Contributed across operations, sales, and customer success within a lean three-member team, helping expand the entrepreneurial community from **2,200 to 8,000 paid member**s, a **3.6× increase.**
- **Founder Network Development:** Helped grow the premium Club Plus community from **30 to 140 members**, strengthening the network for growth-stage entrepreneurs.
- **Startup Acceleration:** Executed a structured launch cohort supporting **13 startups**; one participating startup subsequently secured **₹1.8 crore** in funding through Startup Singam.
- **Ecosystem Engagement:** Organised **two flagship events** with **1,000 attendees each** and **100+ smaller events** with 20–150 attendees, facilitating founder networking and entrepreneurial engagement.
- **Partnership Development:** Secured sponsorships and brand partnerships to support startup ecosystem events and community initiatives.
- **Cross-functional Execution:** Worked across planning, programme delivery, sales, and customer success to support the scaling of startup-focused initiatives.

Director | Nunmai Technologies | SalePlay **Jan 2025 - Jul 2026**

- **Venture Building:** Contributed to the company's evolution from underwater robotics to IT services and subsequently to an AI-powered sales-training product, adapting product direction to changing business opportunities.
- **Product Development:** Led go-to-market and product-building activities for SalePlay, an AI-powered platform designed to simulate customer interactions and strengthen sales-team capabilities.

Software Engineer | Tigma Technologies **Jul - Nov 2024**

- Integrated generative AI capabilities into business intelligence workflows using **Power BI and Pyramid Analytics**, supporting data-driven analysis and decision-making.

Trainee Quantitative Analyst | Xerago E-Biz Services **Aug – Oct 2023**

- Developed algorithmic trading strategies and Python scripts, improving data collection and storage workflows for quantitative analysis.

ADDITIONAL ENTREPRENEURSHIP & INSTITUTIONAL EXPERIENCE

Graduate Engineer Trainee & Technical Instructor | Bannari Amman Institute of Technology

- Supported institutional leadership in implementing student development, technical training, and innovation initiatives.
- Contributed to establishing the **WorldSkills training programme and Gurukulam**, an innovative learning initiative.
- Facilitated student participation in projects, hackathons, and technical competitions, supporting applied learning and problem-solving.
- Supported campus **Entrepreneurship Cell (E-Cell)** and digital transformation initiatives to strengthen student entrepreneurship exposure.
